Attendance Policy

Attendance is compulsory for students from ages 6 to 16 unless exempt by law. F.S. 1003.21, requires that students between the ages of 16 and 18 years attend school regularly unless a formal intent to withdraw from school is filed and signed by the student and the parent. Upon receipt of the form, the Superintendent must notify the Board of the student's intent to withdraw from school. In each ninety (90) day calendar period the following criteria will apply to attendance:

- Excused absences due to sickness or injury must be documented by a parent or a physician if the student is continually sick or repeatedly absent from school.
- Fifteen (15) unexcused cumulative absences - the principal or the principal's designee notifies the superintendent who in turn initiates the notification of Division of Highway Safety and Motor Vehicles as well as other appropriate agencies (i.e. Learnfare and the court).
- Each student will be allowed 3 absences per 9 weeks. Each subsequent absence will be marked unexcused unless a doctor's note is provided or approval is granted by an administrator.

Grades 9-12 state law defines a minimum of 67.5 hours of instruction as one half (1/2) credit or 135 hours as 1 credit. Any student who has not been in attendance for instruction for a minimum of 59 hours must demonstrate mastery of the student performance standards through testing, class work, projects, and homework to receive credit. Student promotion to the next higher grade will be seriously jeopardized when a student's absenteeism is in excess of three (3) days per nine (9) weeks. After five unexcused absences within a calendar month [i.e. September, January] a parent conference will be held...F.S. 1003.26. After ten absences (excused or unexcused) a doctor's note may be required. If a pattern of nonattendance is established the child study team will suggest options such as attendance contracts, alternative programs, or other strategies which will encourage attendance. Period attendance is defined as being present seventy percent (70%) of the class. Attendance will be recorded as excused or unexcused. Upon return to school within three (3) days the student must bring a note from parents explaining the absence. School is in session 180 days and students are expected to attend unless they have an excusable absence. Excused absences will be given only to requests that fall under the following:

- a) Absences for religious instruction or religious holiday as defined in Florida Statutes 1003.21 and 1003.24;
- b) Absences due to sickness or injury. If a student is continually sick or repeatedly absent from school, a doctor's note will be required;
- c) Absences due to death within the immediate family;
- d) Absences due to legal reasons;
- e) Absences due to participation in an academic class or program; and
- f) Absences due to other insurmountable conditions that may arise.

The principal may rule on special situations. Approval to miss school for college visitation trips and/or **educational** family trips is granted at the discretion of the principal and must be approved **PRIOR TO THE ABSENCE. EDUCATIONAL TRAVEL WILL BE APPROVED FOR NO MORE THAN A MAXIMUM OF THREE (3) EXCUSED DAYS PER SCHOOL YEAR BY THE PRINCIPAL.**

Florida law supports the active involvement of parents* until the student graduates from school (F.S. 743.07, 1003.26; 1003.21). It is presumed that students are dependent students (as defined by FERPA 34 C.F.R. §99.31(a)(8) and by Internal Revenue Code § 152). When a student reaches the age of majority (18 years of age), the parent shall continue to perform the parental functions of a dependent student, including, but not limited to, provide excusal of absences and tardiness, permission slips for early release, field trips, other activities, as necessary, and to register or terminate (withdraw) school enrollment, until the student graduates, except under the following circumstances:

(1) The student has submitted specific and acceptable documentation (such as rental agreement, lease etc.) to establish that he or she is independent of his/her parents and that the presumption of a dependent student does not apply.

(2) The student has been emancipated in compliance with Florida laws (FS 1003.21(1)(c), F.S. 743.07).

(3) When the student has no parent and this fact is verified by the school administration (e.g. by communications with relatives, the Homeless Education Program, or the Florida Department of Children and Families, as is appropriate).

* The term parent is defined to include biological parents, any guardian, any person in a parental relationship or “any person exercising supervisory authority over a student in place of the parent.” 1000.21(5),F.S.

Make-up Work

The student is expected to make up all work and all tests missed during an absence according to the following conditions:

1. **The student must contact the teachers on the first day back** in each class in order to make arrangements to make up the work.
2. **It is the student’s responsibility** to make up work within the given time frame unless other arrangements are made due to extenuating circumstances. The time frame for make-up work is the number of days absent plus one (1) day commencing immediately upon return from the absence. (i.e., 1 day absent plus 1 equals 2 days to make up work). If a student misses a test due to an absence and returns to school the same day, he/she may be required to take the test missed that day. **If a project or assignment is due on the day of an absence, the project or assignment may be required to be turned in on the day student returns to school.**
3. **If the absence was unexcused or the reason for the absence is unknown, students may score no higher than 59 on made-up assignments and tests.**

Attendance-Based Semester Exam Policy

The semester exam exemption policy is an incentive program to encourage improved attendance. If a student meets the following guidelines, he or she will be excused from having to take the semester exam (or other exam scheduled during the semester exam period – i.e. – 9-weeks test, etc.) and will be excused from attending the classes in which an exemption was earned.

- In order to be eligible for any exemption a student must have 5 or less overall tardies for the semester.
 - If a student has an “A” average in a particular class and 4 or less absences (excused or unexcused) in any of his/her scheduled classes for the semester, then that student may exempt the semester exam in that particular class.
 - If a student has a “B” average in a particular class and 2 or less absences (excused or unexcused) in any of his/her scheduled classes for the semester, then that student may exempt the semester exam in that particular class.
 - If a student has a “C” average in a particular class and 0 absences (either excused or unexcused) in any of his/her scheduled classes for the semester, then that student may exempt the semester exam in that particular class.

Note: This policy does not apply to Dual Enrollment courses or to End of Course (EOC) exams.

Tardy Policy

The student is responsible for regular and punctual class attendance. Students must be inside the classroom by the end of the ringing of the tardy bell in order not to be considered tardy. Students will be allowed one (1) tardy in each class per (9) weeks without a penalty. When a student is issued two (2) tardies in a class, he/she may be referred to the office for disciplinary action. An administrator or his designee will contact the parents.

The only excusable tardies are those meeting the following criteria:

- Doctor excuse
- Court
- Late bus
- With administrative approval

These forms are available through the school office and the health services office.

Leaving School During the School Day

Upon arriving on campus, a student is considered in attendance at school, and must officially sign out through proper procedures in the main office BEFORE leaving campus. Once students arrive on campus, they must remain on campus unless permission to leave is granted by a school administrator. In order to allow for parental contact/verification, students planning to check out during the school day must turn notes in to the attendance secretary before 1st period. Valid phone number(s) where parent/guardian may be contacted for verification (i.e., home phone, cell phone, work phone) must be included on notes in order for students to be allowed to check out. Permission to leave is granted after parent approval has been confirmed. The student must sign the check-out book in the front office giving his or her name, the time, and their destination. Office personnel will initial and record the name and relation of the person granting the permission. If a student returns to school that day, he or she must sign the same book, noting their time of return and make up any tests missed during that school day. Students must bring in

a note within three days of the absence. Those students who habitually leave school early disrupt instruction and frequently miss important end-of-day announcements. We ask that you refrain from picking your child up prior to the scheduled dismissal time unless absolutely necessary.

Visitors to Campus

All visitors must report to the office upon arrival on the school grounds and classroom visits need to be prearranged with the teacher or principal.

Lockers are issued to the students and are the property of the Gulf County School Board. Lockers are subject to inspection and search at any time without prior notification to the student or parent when there is reasonable suspicion that prohibited or illegally possessed substance or object is contained within the area pursuant to Florida Statutes. Lockers are for books. It is not advisable to leave anything of value in your locker. It is the responsibility of each student to keep his/her locker in good order, or permission for use may be denied. It is recommended that lockers be locked. Students should not open or enter any locker not assigned to him or her. Locks placed on unassigned lockers **will be** cut off.

Pledge of Allegiance

Parents have the legal right to have their child opt out of participation in the recitation of the Pledge of Allegiance for personal or religious reasons by submitting a written notice to the school office or to the child's teacher. Such notice should be resubmitted annually.

Virtual Instruction Program

Gulf District Schools offers both a part-time and a full-time virtual K-12 instructional program to its students. This program provides parents and students an educational opportunity that uses an interactive learning environment created through technology and the Internet in which students are separated from their professionally certified teachers by time and/or space.

Students are eligible to participate in the district virtual instruction program if they are legal residents of Gulf County and also meet at least one of the following conditions as specified in Florida Statute 1002.455:

- The student is eligible to enter kindergarten or first grade per Florida Statute 1002.455(2)(e)
- The student is eligible to enter grades 2 through 5 and is enrolled fulltime in a school district virtual instruction program, virtual charter school or the Florida Virtual School per Florida Statute 1002.455(2)(f)
- The student entering into 6 through 12 has spent the prior year in attendance at a State of Florida public school and was enrolled and reported by a public school district for funding during the preceding October and February Florida Education Finance Program (FEFP) surveys per Florida Statute 1002.455(2)(a)
- The student entering into K-12 was enrolled during the prior school year in a Florida school district virtual instruction program under this Florida Statute, a K-8 Virtual School Program under Florida Statute 1002.415, a virtual charter school, or a full-time Florida Virtual School program under Florida Statutes 1002.37(8)(a) or 1002.455(2)(c)
- The student is a dependent child of a member of the United States Armed Forces who was transferred within the last 12 months to the State of Florida from another state or from a foreign country pursuant to the parent's permanent change of station orders per Florida Statute 1002.455(2)(b)
- The student has a sibling who is currently enrolled in a school district virtual instruction program that sibling was enrolled in such program at the end of the prior school year per Florida Statute 1002.455(2)(d)

Because of the unique nature of the program, approval of the principal or guidance counselor is required to ensure that the courses meet the student's expectations, academic needs and/or graduation requirements. Students may take courses from the virtual school on campus during school hours or after school hours in addition to the regular school day. Initiating enrollment in virtual coursework is done through www.FLVS.net and must be done prior to end of the first week of each semester. If a student elects to drop the course, he/she must do so within the first fourteen (14) calendar days. If dropped after that time, the grade will reflect work submitted to that point and zeroes accumulated for work not submitted after that point for the remainder of the course. If a student withdraws or doesn't complete a course he/she may not take another virtual course for a period of one (1) year unless the student is in his/her senior year and the course is a

needed to graduate. The same grading scale applied to traditional classes also applies to virtual coursework.

In lieu of the daily presence of a face-to-face teacher, parents are encouraged to take the lead in guiding the students through the curriculum, submission of work samples, assignments, online class sessions, producing products, and reviewing for quizzes and tests. The student must demonstrate continuous progress and pass all courses each semester in order to continue enrollment. Progress will be considered adequate if it mirrors the school calendar. For example, a student should be 25% complete with a year-long course by the end of the first nine weeks and 50% complete by the end of the first semester. Students who do not maintain this pace may be withdrawn from the course.

Student may register for only one (1) course the first time he/she enrolls in a virtual class and may register for no more than (2) during any semester unless granted permission from the principal.

Annual Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) and Florida law afford parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 30 days after the day the School receives a request for access.

Parents or eligible students should submit to the School principal a written request that identifies the records they wish to inspect. The School principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

See the list below of the disclosures that elementary and secondary schools may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent

of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

- Information the school has designated as “directory information” under §99.37. (§99.31(a)(11))

Student Grievance Procedure

STEP 1: Informal - Within ten (10) school days of the alleged violation, the student will informally discuss the alleged grievance with the principal (except for instances of discrimination or harassment which is 60 days for the initial reporting). Within five (5) school days, the principal shall give an answer orally to the student. If the student is not satisfied with the disposition, he/she may initiate a formal grievance within five (5) school days of the answer. Appeals from one of the following steps to the next highest step shall be filed within ten (10) working days following the expiration of the time limits established for disposition of grievances at each step or the date of receipt of an official response to the grievance or whichever comes first. **Both students and employees may skip the informal step and go directly to the formal stages or file outside the process at any time.**

STEP 2: Formal. A formal written grievance must be filed with the principal. The grievance should contain dates, names of all persons involved, a description of the incident or action, and the student's desired resolution. Within ten (10) school days of the receipt of the grievance, the principal shall provide the student a written disposition of the grievance.

STEP 3: If the student is not satisfied with the disposition or if time limits expire without a disposition, a formal written grievance may be submitted to the Superintendent. Within ten (10) school days after receipt of the grievance, the Superintendent shall indicate the disposition of the grievance in writing to the student.

STEP 4: If the student is not satisfied with the disposition or if time limits expire without a disposition, the grievance may be submitted to the School Board. The School Board does not have to consider the grievance, but if it decides it will, it has the authority to set up a hearing and decision procedures. Within thirty (30)

calendar days after receiving the grievance, the School Board will notify the student of its decision. If the Board elects to hear the grievance, it will provide the student with a written decision within five (5) school days after conclusion of the hearing.
